

ROYAL STONE

GRES FINE PORCELLANATO

★★★★★
MONOCIBEC®
FINCIBEC GROUP

Royal Stone è una collezione in gres porcellanato a massa colorata realizzata, con tecnologia digitale di ultima generazione, nel più rigoroso rispetto dell'ambiente. Le tre colorazioni, nei formati 80x80 e 40x80 entrambi rettificati, sono disponibili in due finiture superficiali, naturale e lappata, finalizzate ad una massima personalizzazione degli spazi interni contemporanei, sia in ambito residenziale che commerciale.

Il gres fine porcellanato a massa colorata rappresenta la più avanzata espressione qualitativa dei prodotti ceramici per pavimenti. Viene ottenuto attraverso la miscelazione di argille pregiate, di feldspati, quarzi ed altre sostanze naturali raffinate ed omogeneizzate attraverso atomizzazione. L'alta qualità delle materie prime, la forgiatura mediante presse ad alto tonnellaggio e la cottura ad elevatissima temperatura consentono di ottenere lastre di eccezionale resistenza e compattezza, idonee agli impieghi più severi.

Royal Stone *Royal Stone is a collection of porcelain stoneware with coloured body realized with the latest generation digital technology, totally safeguarding environment. The three colours, in both ground sizes 80x80 and 40x80, are available with two surface finishes, natural or lapped, for the highest personalization of contemporary interior spaces, both in commercial and residential settings.*

The fine porcelain stoneware with coloured body represents the most advanced quality expression of floor ceramic products. It is obtained through mixing precious clays, feldspars, quartz and other natural substances refined and homogenized through spray-drying. The high quality of the raw materials, the shaping by high tonnage presses and the firing at extremely high temperatures enable to obtain exceptionally resistant and compact slabs, suitable for the most demanding applications.
