SHAPED ON YOUR LIFESTYLE

Moderna, dinamica ed essenziale,
è l'anima di questa collezione.
District è carattere, eclettismo
ed un tocco di eleganza.
La grafica delle superfici evoca
il cemento, abbinato a raffinati toni
basici, tortora, avorio, grigio, bianco
e ardesia. A completamento della
gamma un mosaico muretto di taglio
decisamente moderno ed
una delicata grafica damascata
applicata ai fondi; motivi barocchi
piacevolmente a contrasto col
carattere minimale della collezione.

*The soul of this collection is modern,
dynamic and essential.*

*District is character, eclecticism and
a touch of elegance.*

*The graphic of the surfaces evokes
concrete, combined with basic
refined tones of taupe, ivory, grey,
white and slate.*

*To complete the range there is a
wall mosaic featuring a decidedly
modern cut and a delicate damask
graphic background; Baroque motifs
in nice contrast with the minimal
nature of the collection.*

MONOCIBEC®
FINCIBEC GROUP
GRES FINE PORCELLANATO
FINE PORCELAIN STONEWARE

Il gres fine porcellanato a massa colorata rappresenta la più avanzata espressione qualitativa dei prodotti ceramici per pavimenti. Viene ottenuto attraverso la miscelazione di argille pregiate, di feldspati, quarzi ed altre sostanze naturali raffinate ed omogeneizzate attraverso atomizzazione. L'alta qualità delle materie prime, la forgiatura mediante presse ad alto tonnellaggio e la cottura ad elevatissima temperatura consentono di ottenere lastre di eccezionale resistenza e compattezza, idonee agli impieghi più severi.

The fine porcelain stoneware with coloured body represents the most advanced quality expression of floor ceramic products. It is obtained through mixing precious clays, feldspars, quartz and other natural substances refined and homogenized through spraydrying. The high quality of the raw materials, the shaping by high tonnage presses and the firing at extremely high temperatures enable to obtain exceptionally resistant and compact slabs, suitable for the most demanding applications.
